EDUCATION

Base Camp Coding Academy, Water Valley, MS — *Certificate*

June 2023 - May 2024

I am currently enrolled at Base Camp Coding Academy where I will acquire web development and computer programming skills. BCCA is a nonprofit organization and all the students that attend are on scholarships. I helped run a professional social media page and I co-edit the BCCA yearbook 2024. I will learn seven coding languages in twelve months and graduate with a certificate in computer programming and a year's experience.

Grenada High School, Grenada, MS — *Diploma*

August 2019 - May 2023

I graduated from Grenada High School amongst 200 or so classmates. I was enrolled in the Grenada High School marching band and earned a section leader role as a senior student, responsible for keeping classmates on task and helping them improve in their work. I participated in multiple honor classes throughout my high school career.

EXPERIENCE

Lost Pizza Co , Grenada — *Cashier*

August 2022 - PRESENT

While being employed at Lost Pizza Company I have learned how to deal with the public and how to have patience in certain environments. Some of the skills I have acquired while working here are as follows; managing currency, following specific procedures, dealing with frustrated colleagues, and helping customers.

PROJECTS

Weather Program — *https://replit.com/@BlairJohnson3/Weather-app*

This program which has been constructed in python generates live weather globally using a free API and Json. I have added additional features to this program that makes it unique from other live weather generators.
